

Command Decision – Test of Battle Errata

Updated Feb 6, 2007

Additional material in red.

RULES

The basic rules are rule 1 through rule 22. The optional advanced rules start with rule 23, Advanced Command Control.

Rule 5.1.6 Discarding Ineffective Cards (new rule)

Once per turn and up to four times per game a player may discard one FoW card of his choice and immediately draw another.

If there is a referee, a player may appeal to the referee to allow him to draw another FoW card. The referee may either allow the removal and then allow the player to draw another FoW card or he may remove the card without replacement.

Designer's Note

During the course of the game, a player may draw a FoW card that has no bearing on the situation and he may wish to discard the ineffective card. If there is a referee he may decide the card has little bearing on this game in which case the player may draw another. The referee also has the option of removing the card without a replacement.

Rule 6.2.7 Rally Orders.

Add the following: “Command stands which issue rally orders are treated as following the rally order themselves, and are subject to its effects on movement and fire.”

Rule 10.2 Field-of-Fire

In the first sentence of the rule, delete the words “and personnel stands in BUA.”

Add the following additional section to the rule:

10.2.1 Field-of-Fire in BUA

All stands located in the center sector of a BUA have a 360-degree field-of-fire.

All stands located in a perimeter sector of a BUA have their normal field-of-fire out of the BUA, as if facing directly out the side, but also have a 360-degree field-of-fire within the BUA.

Rule 11.3 Line of Fire.

In the first sentence, delete the following words: “...and Heavy Infantry Weapons (HIW) stands...”

Rule 11.5.4 Concealing Terrain

Change the last sentence of the rule to read: “No stand may be fired on by direct fire until spotted.” Note that this deletes all reference to being able to fire separately at spotted man-made obstacles.

Rule 17.3.2 Multiple Firing Guns.

The third paragraph should read, “All of the guns subordinate to a command/ observation stand...” (not a “command or observation stand”)

Rule 19.1.1 Forced Back

Add the following sentence to the end of the first paragraph:

However, a stand may never be forced back into contact with an enemy stand.

Command Decision – Test of Battle Errata

Rule 33.2.2 Damaged Built-Up Areas (BUA)

Change the second sentence of the rule to read, “Strong BUA are remain hard cover but flimsy BUA are reduced to light cover.”

Add the following sentence to the end of the paragraph: “All vehicle stands in a BUA which is reduced to rubble suffer a force back result.”
